Dear Hospital Chaplain

While attending Bible College I started an Internet ministry. As part of this ministry I offer a **Verse of the Day** devotional e-mail as a free devotional resource for those who subscribe.

The focus of the daily e-mail is to bring hope and encouragement to the body of Christ. I am writing to offer this as a resource you may consider using for patients and their families requesting your services using your judgment and at the leading of the Holy Spirit.

Since 2006 I have been having very serious mobility issues with both of my hips. I have had multiple surgeries and extensive physiotherapy. Yet I continue to physically struggle. I began needing the use of an electric wheelchair in December 2009. I have shared this to say that the Lord has been a sustaining force in my life during these difficult times.

Each edition of *The Verse of the Day* consists of four components:

- A few verses of scripture from either the NIV or NASB translations of the Bible
- A name of God in reference to His character (such as Comforter, Helper, Lord or Friend)
- A devotional reflection thought to help focus on Jesus.
- The chapters of the Bible to read for those who endeavor to read the entire Bible over the course of one year.

I am offering you the use of *The Verse of the Day* that it may be used by God to bring comfort others during their difficult circumstances. Please review our web site to learn more about this e-mail devotion.

If you would like some business cards sent to you please contact me. Include your mailing address so I may promptly follow up on your e-mail.

In Christ's service,

Ron Piggott

To preach and advance the teachings of the Christian faith and religious tenets, doctrines, observances and culture associated with that faith.
